Kramer September 17, 2020 9:00PM (UTC) The William Faulkner quote, "The past is never dead. It's not even past," opens "Antebellum," Gerard Bush and Christopher Renz's canny new thriller.

While modern books are born digital, books old enough to be in the public domain may never have seen a computer. Google has been scanning books from public libraries and other sources for several years. That means you've got access to an entire library of classic literature that you can read on the computer or on a

variety of mobile devices and eBook readers.

.

air lonely?
