Land Solutions for Climate Displacement - Taylor & Francis Displacement Solutions (DS) works with climate displaced persons,

communities, governments and the UN to find rights-based land solutions to climate displacement. DS also works to empower displaced people and refugees to exercise their right to return and have restored to them their original homes, lands and properties through reliance on the right to restitution. Displacement Solutions | Land Portal THE LAND SEEKERS Our work around the world with climate displaced communities has shown DS time and time again that land lies at the core of rights-based solutions to climate displacement. This short film contains interviews of some of the world's first 'landseekers' who work tirelessly in support of climate displaced communities everywhere. Displacement Solutions This report examines several land-based approaches that may hold out a measure of hope for those displaced by climate change. These include: national and international land acquisition, voluntary internal relocation and creating and empowering national agencies and institutional mechanisms.
