Lupus SLE Arthritis Research UK discoid lupus; systemic lupus erythematosus (SLE). Discoid lupus only affects the skin, causing rashes. People can get it in one small area on the skin, or it can be widespread. SLE can affect many parts of the body in several ways. It can range from mild to severe. There is no cure, but early treatment can help to keep symptoms under control. Lupus (SLE) | Causes, symptoms, treatment | Versus Arthritis Arthritis Research UK Lupus (SLE) Lupus may also affect the bone marrow, causing anaemia and a reduction in the number of platelets (cells that help the blood to clot) and/or white blood

cells. Blood-related problems like anaemia tend to be more common in children with lupus. Some people with lupus are more at risk Lupus information booklet - Versus Arthritis We aimed to assess the impact of systemic lupus erythematosus (SLE) on the risk of infection after total hip arthroplasty (THA). We identified patients undergoing primary THA (1996–2013) in Taiwan National Health Insurance Research Database (NHIRD). Patients were then divided into the SLE and control groups according to the diagnosis of SLE. We used 1:1 propensity score to match the control ... The impact of systemic lupus erythematosus on the risk of ... This trial will test whether Belimumab can be used to prevent flares in

patients with SLE post Rituximab therapy. The research teams at 16 participating NHS Hospitals within the UK will test the effectiveness of treating patients with both Belimumab, (Benlysta) an antibody that blocks the actions of the B cell growth factor BAFF, and Rituximab, a drug designed specifically to deplete B cells. Home - BEAT Lupus Systemic lupus erythematosus (SLE or lupus) is a chronic immune-driven disease. Like many chronic conditions, SLE can place a significant financial burden on patients, their families and the healthcare system. 1,2,3 AstraZeneca has gathered real-world evidence to understand what drives this economic burden and the potential solutions available. Across multiple countries, we found that

earlier ... Mapping the economic burden of systemic lupus erythematosus The symptoms of systemic lupus erythematosus will vary from patient to patient as the signs and symptoms displayed will depend on the body part or system that is being affected by the systemic lupus erythematosus (Arthritis Research UK 2014). However there are some generalised symptoms and these are about to be discussed. Pathophysiology of Systemic Lupus Erythematosus - UK Essays The majority of previous studies that estimated the incidence and prevalence of SLE in the UK were single-centre hospital-based studies. 1-5 These estimated the incidence to be 3.8-4.0/100 000 person-years and the prevalence 6.5-27.7/100 000 people. The incidence

and prevalence of systemic lupus ... LUPUS UK is the only national registered charity supporting people with systemic lupus and discoid lupus and assisting those approaching diagnosis. We presently have over 5500 Members and a number of Regional Groups around the UK who arrange medical talks, publish local newsletters, set up local occasions and organise fundraising events. LUPUS UK - The National Charity for People Affected by Lupus Lupus is an autoimmune disease that attacks joints and internal organs, including the heart, lungs, brain, and kidneys.
