The science isn't really science, and seems to take the "fun" or the fear out of vampires. 4. The "best" (and I use that adjective very,

very loosely) is where Ramsland tries to look at why the view of vampires has changed. The Science of Vampires by Katherine Ramsland I hope my lingering pessimism is unfounded, because Browns fans deserve a winner, the roster looks exciting, and football analytics could use more successful, vocal proponents. But I will remain skeptical until I see results, because that's how analytics and the scientific method are supposed to work. Prediction: Ravens 37, Browns 27.
