The Spire William Golding The Spire is a 1964 novel by the English author William Golding. "A dark and powerful portrait of one man's will", it deals with the construction of the 404-foot high spire loosely based on Salisbury Cathedral ; [2] the vision of the fictional Dean Jocelin. The Spire - Wikipedia Set in medieval England, The Spire tells the story of one man's vision - the construction of an enormous spire onto a cathedral without foundations. Believing himself to be chosen by God, Jocelin, Dean of the Cathedral, insists that the spire must rise higher and higher, despite the singing pillars and the creeping ground. The Spire - William Golding Golding taught at the

school attached to Salisbury cathedral and this inspired his story. The hubris of building the tallest tower and stone spire in England on top of thin pillars never meant to hold the weight, themselves built on 4' deep foundations set on wet gravel is amazing.
