... Introduction. Bladder cancer is the seventh most common cancer worldwide, accounting for 3.2% of all cancers. In 2000 an estimated 260,000 new cases in men and 76,000 in women were found worldwide [1]. The highest incidence rates of bladder cancer in both sexes are observed in Europe, North America and Australia [2]. Bladder cancer incidence is still rising moderately in most developed countries. The influence of thermo-chemotherapy on bladder tumours ... Up to 90% off Textbooks at Amazon Canada. Plus, free two-day shipping for six months when you sign up for Amazon Prime for
