Leverage Watlow's growing toolkit of calculators, equations, reference data and more to help design your thermal system. User Manuals | Watlow Calibrating Your Watlow Process Control This manual is a supplement to the Series 981/982 and 988/989 User's Manual. The calibration procedures within this manual pertain to the following controls: Series 981 Series 986 Calibrating Watlow Process Controls The Watlow SERIES 982 vertical 1/8DIN-ramping controller and its companion, the horizontal SERIES 981, offer four-file / 24-step program capability, or easy-to-use non-ramping set point operation. The controller is designed with most typical programming needs in mind. The SERIES 981/982 is among the most easy-to-use ramping controllers. S E R I E S 9 8 1 / 9 8 2 Ramping operations include four files with six steps in each file. The Watlow Series 981 / 982 ramping temperature controller's programming options include ramp-rate or time-based profiles, guaranteed soak deviation, program looping, and program status selection after power outage. The files may be linked to create a single 24-step program. Watlow
